

VE Expo 2008

**INTERNATIONAL FORUM
ON
RENEWABLE ENERGY & CLEAN DEVELOPMENT MECHANISM
Hanoi – Vietnam
October 30th, 2008**

Program

Thursday, October, 30th 2008

7.50–8.20	Registration	
8.20–8.30	Presentation	
8.30–8.40	Opening speech Chair	<i>Vice Minister MOIT - Do Huu Hao Director General of Energy MOIT - Ta Van Huong</i>

I. RENEWABLE ENERGY

8.40–8.55	Development Vietnam Energy to 2030 and Role of Renewable Energy	<i>Bui Huy Phung Vietnamese Academy of Science and Technology.</i>
8.55–9.10	From the strong development of renewable energy in the world, think over orientations and solutions to push up development of Vietnam renewable energy.	<i>Nguyen Thuong Center for Sustainable energy development (VSED)</i>
9.10–9.25	Technological scientific activities on renewable energy development at Vietnam	<i>Duong Duy Hoat Vietnamese Academy Science and Technology.</i>
9.25–9.40	Results of developing and using renewable energy in Vietnam	<i>Nguyen Minh Bao- Ho Thi Lan Huong Institute of Energy (EVN)</i>
9.40–9.55	Applied Solar Energy at Vietnam and some lessons	<i>Dang Dinh Thong Center of New Energy - Hanoi University of Technology</i>
9.55-10.20	Coffee break	
10.20–10.35	Institution, policies for developing and using renewable energy in Vietnam	<i>Le Tuan Phong - Tran Hong Nguyen Department of Energy (MOIT)</i>
10.35–10.50	Estimating the capability of power generation by wind strength with large capacity at Vietnam.	<i>Duong Manh Thao Vietnam Wind Power JSC.</i>
10.50-11.05	Economical energy solutions by wind – solar energy & HID high intensity light technology of KIDI Light	<i>Le Trong Dinh KIDI International Group JSC.</i>
11.05–11.20	Fuel alcohol production project 100.000 ton/year in Quangnam	<i>Luu Quang Thai Dong Xanh JSC</i>
11.20-11.35	Developing biological gas in Vietnam	<i>Nguyen Quang Khai Center of Biological Gas Technology (VUSTA)</i>

1

*The second International Forum and Exposition-Fair on the Vietnam Energy
Development - Vietnam Energy Consultancy Center (VECC)*

11.35-11.50	Role of VNGO in the development of renewable energy at Vietnam	<i>Pham Van Thanh Director of The Center for Rural Committees Research and Development (CRRD) Group of Vietnam Non Government Organizations.</i>
11.50-12.05	Lifecycle Benefits of the Digital Plant	<i>Matthew A.Cuerdon Manager Business Development (Plant) AVEVA Asia Pacific</i>
12.05-13.30	Lunch	

II. CLEAN DEVELOPMENT MECHANISM

13.30–13.50	Performance of Kyoto Protocol and CDM in the Region and the World	<i>Nguyen Khac Hieu Department of Meteorology, Hydrology and Climate Change (MONRE)</i>
13.50-14.10	The CDM Market from EDF – the Perspective of a Carbon Credit End - user	<i>Adrian Stott- Nguyen Kim Huong, EDF Trading –EDF office in Vietnam</i>
14.10–14.30	Case study on CDM Project Development in China	<i>Leon Wu Cleanergy Investment Service Co.,Ltd (Hanergy Group)</i>
14.30-14.50	Potential and Development of CDM projects in Vietnam	<i>Nguyen Duc Cuong Center of Renewable Energy & CDM - Institute of Energy (EVN)</i>
14.50–15.20	Coffee Break	
15.20-15.40	CDM project for revoking and using associated gas in Rang dong mine	<i>Do Ngoc Thanh Nhat Viet Oil and Gas Company</i>
15.40–16.00	Financial mechanism for CDM projects.	<i>Nguyen Trong Nghia Department of Manager Legal (MOF)</i>
16.00–16.20	Institution, policy for developing CDM projects	<i>Hoang Manh Hoa Department of Meteorology, Hydrology and Climate Change (MONRE)</i>

III. DISCUSSION

16.20–16.50	Renewable Energy	
16.50-17.20	Clean Development Mechanism	

IV.GENERAL CONCLUSION

17.20-17.30	Summarize and end the Forum	<i>Ta Van Huong Department of Energy (MOIT)</i>
